Corey James

The Corey James Memorial Good Time Benefit, Inc. unites with the community to provide fun, food, and music to raise money for local families in need. We have been able to donate nearly \$100,000. Our mission is to create a positive impact for local families with children suffering from life-threatening illnesses. The daily stress of having a sick child, an uncertain future, anxiety of the exorbitant financial strain, we hope to make a memorable moment for the families. Our annual event offers music, food, games, fun and prizes to bring our community together to create awareness of what these families are going through.

Please join us in continuing to help local families in need.
