PARTNERSHIP OPPORTUNITIES

September 26, 2026

The Corey James Memorial Good Time Benefit, Inc. works to unite our community through fun, food, and music — all in an effort to raise funds for local families in need. To date, we have proudly donated nearly **\$100,000** to families across Upstate South Carolina. Our mission is to bring people together and create a meaningful, positive impact for families with children facing life-threatening illnesses. The daily stress of caring for a sick child, facing an uncertain future, and managing overwhelming financial burdens can be incredibly difficult. We strive to ease that strain and provide hope, support, and relief during some of life's most challenging moments.

Our annual event features live music, great food, games, prizes, and activities for all ages — creating a day of community, awareness, and generosity. Together, we not only raise critical funds, but also shine a light on what these families are experiencing while making an immediate and tangible difference in their lives.

Please join us as we continue our mission to support and uplift local families in need.
